

**February
2018**

Happy
Valentine's
Day

Just Some FYIs

We have been going on “outings” when the weather has cooperated, so if your loved one still needs “Winter” gear, please bring items in.

Also, as we are fully in “FLU” season, if you are running a fever or have a cough or just not feeling well, please refrain from visiting. We are trying to keep everyone happy and healthy throughout these Winter months.

A very special **THANK YOU to Brad Wilkening!! He came and presented a Holocaust Program to our residents. Everyone was intrigued by all his information.**
